MSSE – A Bit of History

Video

MSSE – Program Characteristics

Efficiency in Admissions

Applying to the MSSE Program

"This program is about opening doors, not closing doors! For example, if you are a science educator and lack one or more of the admission requirements, you may enroll as a non-degree graduate student to earn admissions."

Deadlines

The MSSE Program accepts applications for the fall semester, spring semester, and summer session. The preferred application submission deadlines are:

Summer Admission: April 15th

Fall Admission: July 30th

Spring Admission: November 15th

Effective Online Advising

Master of Science in Science Education

Offering Innovative Online and Campus-based Graduate Courses for Science Educators

A group of hikers, including men and women of various ages, are gathered on a mountain trail. They are wearing backpacks and hiking gear. One man in a green shirt is pointing towards the left. The background shows a rocky mountain peak under a clear blue sky with some evergreen trees.
