

# BALANCE ADDITION

**1** Be sure your empty beam balances level.

**2** Add *just 2* clips to the *right* side to balance what is given (below) on the left side.

**3** Mark your 2 paper clips. Then write an *equation* below each balance diagram. Make each way different.

	<b>ADD TWO CLIPS:</b> <table border="1" style="width: 100%; text-align: center;"> <tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> </table>	1	2	3	4	5
1	2	3	4	5		
3	= 3					

	<b>ADD TWO CLIPS:</b> <table border="1" style="width: 100%; text-align: center;"> <tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> </table>	1	2	3	4	5
1	2	3	4	5		
4						

	<b>ADD TWO CLIPS:</b> <table border="1" style="width: 100%; text-align: center;"> <tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> </table>	1	2	3	4	5
1	2	3	4	5		
4						

	<b>ADD TWO CLIPS:</b> <table border="1" style="width: 100%; text-align: center;"> <tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> </table>	1	2	3	4	5
1	2	3	4	5		
5						

	<b>ADD TWO CLIPS:</b> <table border="1" style="width: 100%; text-align: center;"> <tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> </table>	1	2	3	4	5
1	2	3	4	5		
5
